presented you for further examination. They found that the patient had been in the country about three weeks prior to his admission, having come from the state of Minnesota and been engaged fishing and trapping mink. From this, apparently, the name was derived and at the same time he was given the name of "Mink". He has been working at the same occupation ever since his return to the city, having no other money or resources. The doctor who examined him at the county home, Dr. John L. Johnson, and the nurse, Mrs. Mary E. Johnson, were present.

11. Which of the following is NOT included?
A. The title page
B. A section on the organization's purpose
C. A section on the organization's history and background
D. The planning of the marketing mix
E. A section on the organization's profit

Implementing the Verbal Behavior Milestones Assessment and Placement Program (VB-MAPP): Teaching Assessment Techniques

Clarissa S. Barnes · James R. Meller ·
Ruth Anne Rehfeldt

© Association for Behavior Analysis International 2014

Abstract The Verbal Behavior Milestones Assessment and Placement Program (VB-MAPP) is an assessment tool used with individuals diagnosed with autism spectrum disorder and other language delays (Sundberg 2008). The milestones assessment section of the VB-MAPP is used to determine an individual's current skill level. The results of the milestones assessment can be used to identify instructional goals and objectives. The current study examined the effects of behavioral skills training (BST) on the administration of the milestones assessment by two educational professionals. The BST intervention resulted in immediate increases in performance for both participants.

Keywords Behavioral skills training · Staff training · Verbal Behavior Milestones Assessment and Placement Program

The *Verbal Behavior Milestones Assessment and Placement Program* (VB-MAPP) is a five-component

program designed to measure verbal behavior, guide individualized instruction needed to address deficits in verbal behavior, and evaluate progress over the course of a treatment program (Sundberg 2008). The assessment is used to evaluate performance on Skinner's (1957) verbal operants across a number of tasks. The milestones assessment is divided into three developmental levels (0–18, 18–30, and 30–48 months), based on the attainment of developmental milestones by typically developing children. The current study focused on levels 1 and 2 of the milestones assessment of the *VB-MAPP* only. Level 1 of the assessment includes the evaluation of early mand, tact, listener, social, visual-perceptual and match-to-sample, independent play, motor imitation, and echoic skills, as well as spontaneous vocal behavior. Level 2 of the assessment includes continued evaluation of expanded level 1 skills (with the exception of spontaneous vocal behavior) as well as an evaluation of listener responding by function, feature, and class, intraverbals, classroom/group routines, and linguistic skills (see Sundberg 2008). Level 3 expands on the skills targeted in level 2 and assesses pre-academic behaviors in reading, math, and writing. The *VB-MAPP* is a tool that can be used in a variety of settings with any number of clinical populations (Sundberg 2008). Many educational settings use the instrument to establish language goals and objectives for individuals with autism spectrum disorder and other developmental disabilities.

As with all tools and protocols, the results of the *VB-MAPP* will only be meaningful if the assessment is conducted by professionals who are skilled in its

BibMe™ formats according to APA 7th Edition, MLA 9th Edition, Chicago 17th Edition EUPOL COPPS Police Adviser for the Family and Juvenile Protection Department (FJPD) executed for the first time "On the Job" - Field Visits with a FJPD in Bethlehem, Ramallah and Tulkarm. The aim of those special field visits are to understand the daily tasks and activities of the FJPD Officers by accompanying them during a shift. The two sides exchanged views on how best to tackle domestic violence. 2022-08-25 EUPOL COPPS' Planning and Police Advisor attended a Partnership Programme workshop on strengthening relationship between Police and community, together with Research and Planning Development Administration (RPDA) from Palestinian Civil Police (PCP) and Palestine Technical University, Kadoorie in Tulkarem. The workshop ended with developing a Partnership Programme. Participants paid a visit to University Director Prof. Dr. Nouraldin ABUALROB who explained that Kadoorie is ready for any partnership programme with PCP. 2022-08-23 The EUPOL COPPS Police Adviser for the Family and Juvenile Protection Department (FJPD) finally completed the FJPD - Field Visits on the 18th of August in Jenin to identify the most urgent needs and to discuss future collaboration between the FJPDs and EUPOL COPPS, as well as assistance and support opportunities. In a real open and constructive conversation EUPOL COPPS and the FJPD Jenin continue their unwavering and supportive collaboration. 2022-08-19 On the 18th of August, with the aim to re-activate the National Committee on Legislation responsive to Gender, EUPOL COPPS hosted Ms. Hayat Bazzar, General Director of the Gender Unit, Council of Ministers, Ms Rania Adwan, Director of the Gender Unit, Ministry of Justice and Ms. Ghada Ellyan, Director of Gender Integration and Development, Ministry of Women's Affairs. The consultation was a successful first step in a renewed joint commitment on the institutionalization of gender in the Palestinian Ministries' plans and policies, in which the scope and mandate of the committee will be further defined as a next course of action. The Mission remains dedicated and will continue to support our Palestinian local counterparts by strengthening the public sectors' capacities for the promotion of gender equality. 2022-08-18 play_arrow Watch Now play_arrow Watch Now

You won't be tested on material from Units 8 and 9. When you get to the second part of the worksheet, ignore the instructions. Based on the chart above, this score would translate to 3 for your final AP score. (Examples: The Princeton Review, Cracking the AP Psychology Exam, or Five Steps to A 5, etc. This AP Psychology class covers Topic 8. 19/8/2022 - EUPOL COPPS (the EU Coordinating Office for Palestinian Police Support), mainly through these two sections, assists the Palestinian Authority in building its institutions, for a future Palestinian state, focused on security and justice sector reforms. This is effected under Palestinian ownership and in accordance with the best European and international standards. 8-39.
